

Proprietary Director of Iberdrola Energía Internacional, S.A.U.

Civil Engineer (specialising in Hydraulics and Energy) from the Polytechnic University of Madrid.

He is currently Offshore Director of the Renewables Business and member of the Board of Directors of Avangrid Renewables LLC and ScottishPower Renewable Energy, Ltd.

NOTEWORTHY EXPERIENCE FOR THE HOLDING OF HIS POSITIONS AT IBERDROLA:

Joined Iberdrola in 1999 as engineer for hydraulic projects.

In 2005 he joined the renewable business where he assumed different responsibilities in the area of development of hydraulic, solar and offshore wind projects at national and international level.

Since 2008 he has worked in the Offshore area, where he has been responsible for the design, contracting, construction and preparation of the operation of West of Duddon Sands, East Anglia One and Wikingen wind farms. Since 2018 he has been responsible for the management of offshore wind projects in the UK, Europe and the US.
